

Hiring You
a Smile

Using Your Hot Tub.

Do's

- Shower before using your hot tub
- Attach your clean filter to the bottom most inlet (not the top)
- Always have the heater (flame button) turned on.
- Remove grass or debris from the spa.
- Replace the cover when not in use.
- Replace the chlorine floater to the spa when not in use.
- Add 2 to 3 caps of chlorine granules every night to the spa. Add more if needed.

Error codes:-

E03 = clean filter

E90 = clean filter

E91 = reset power

If you lose power, go to the circuit breaker and reset the power.

Any other error code? Reset the power then call us if the error code is still present.

Do Not!

- Wear fake tan, make up or sun tan lotion.
- Use the hot tub with unhealthy water
- Open the water proof electric box!
- Switch the flame (heater) off!

Please do on Last day of hire

- Empty and clean the hot tub
- Clean the flooring
- Recharge the speaker
- Return all hired equipment in the same condition as hired.

A £50 cleaning charge will apply
For excessive cleaning for us due
to misuse by the hirer.
